

ECO LIMITED ARABIA

Your trusted partner in Electrical
& Mechanical Engineering
testing, commissioning,
and maintenance services

Reliable Solutions

About Us

We are a specialized company in **Electrical & Telecommunication contracting**, providing high-quality services in **installation, testing & commissioning , retrofitting, maintenance, GIS & transformer installation, fiber optic solutions, low current systems and civil implementation.**

Established in **2009 in Dammam, KSA**, **ECO Limited Arabia Contracting** has over **16 years of expertise** in delivering **innovative, reliable, and cost-effective solutions** to a wide range of industries.

Our commitment to **quality, safety, and compliance** enables our clients to navigate complex challenges with confidence.

With a strong foundation in **risk reduction, regulatory compliance, and technical excellence**, we ensure that every project meets **the highest industry standards.**

Our accreditations provide our customers with **peace of mind**, reinforcing our dedication to **reputation, reliability, and exceeding client expectations.**

Our highly skilled team possesses **in-depth regulatory knowledge, advanced technical capabilities, and extensive experience across multiple industries and substations.**

This allows us to offer **tailored solutions that minimize costs, enhance efficiency, and drive sustainable growth.**

At **ECO Limited Arabia Contracting**, we don't just provide services—we **deliver engineering excellence, power innovation, and drive industry success.**

Our Mission And Vision

Our Vision

To Be recognized as a leading contracting company in KSA, through our services as per customer satisfaction

Our Mission

Driving success through expertise, innovation, and customer satisfaction

Industrial Services

1

CONSULTANCY

- ✓ ELECTRICAL CONSULTANT
- ✓ EFFECTIVE LAYOUT PLANNING
- ✓ ELECTRICAL SOLUTIONS

2

ENGINEERING SERVICES

- ✓ INSTALLATION, Testing & Commissioning

- PROTECTION AND CONTROL PANEL
- TRANSFORMERS
- SWITCHGEARS
- CALIBRATION FOR ELECTRICAL TESTING KITS

- GIS SUBSTATION
- RMU'S
- ENERGY METERS
- POWER CABLES

3

MAINTENANACE

- ✓ ANNUAL MAINTENANCE
- ✓ PREVENTIVE MAINTENANCE SERVICES
- ✓ BREAKDOWN MAINTENANCE SERVICES

4

TELE COMMUNICATION

- ✓ COMPREHENSIVE FIBER OPTIC SOLUTIONS
- ✓ SPECIALIZING IN LAN, WAN, AND WI-FI
- ✓ IMPROVING NETWORK SECURITY AND SPEED

5

OIL CONDITIONING SYSTEMS

- ✓ Our experienced workforce of technicians will provide efficient services for Transformers hot oil processing and filling using mobile oil processing unit with 12,000 L/H capacity high purifier from KATO, Japan.

6

MOTORS REWINDING

- ✓ Expert in motor rewinding solutions
- ✓ Focused on quality and reliability
- ✓ Enhancing motor efficiency and lifespan

7

ELECTRONIC REPAIR

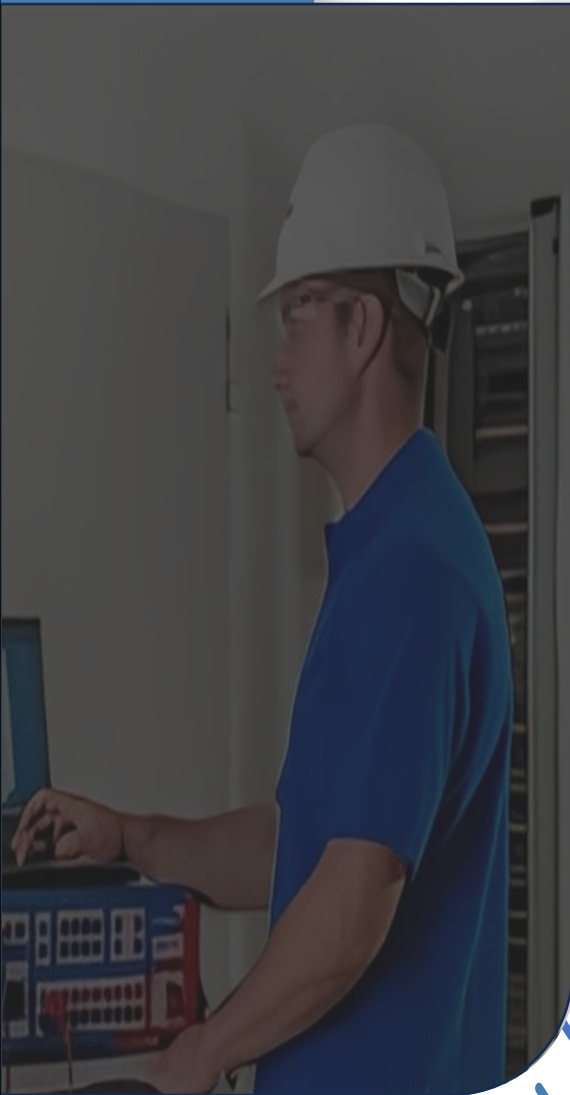

- ✓ Consumer Electronics
- ✓ Industrial Equipment
- ✓ Automotive Electronics
- ✓ Medical Devices
- ✓ Telecommunication

Our Services

01

Testing & Commissioning

Testing of relays of all types and makes.

Scheme and function testing for protection & control panels

Testing of primary injection, bus bars and transformer stability

Testing of 132 kV, 220 kV, 380 kV GIS

Testing of outdoor Switchgears

Testing and calibration of energy meters

Testing of ACDBs, DCDBs, auxiliary transformers, NERs and RMUs. Smart grounding measurements

Providing testing engineers along with high class test equipment

Testing of 13.8KV and 33KV Switchgears

Performing on-site training

Measurements of overhead line parameters

Factory testing of Switchgear panels

FAT Test for Control and Protection Panels

Performing on-load measurements

Our Services

02

High Voltage Testing

- High volt test of 13.8kv, 33kv switchgears
- High volt test of 13.8, 33kv XLPE cables.
- VLF testing of equipment up to 100kv.

03

Transformer Testing

- Measurement of inrush currents, harmonics
- Transformer turns ratio
- Vector group test
- Winding resistance test
- Testing of transformer, shunt reactors and capacitors banks
- Insulation resistance test of transformer winding core and polarizing index
- Magnetizing current test
- Short circuit test (impedance measurement)
- Magnetic balance test
- CT , VT testing

Our Services

04

Installation/Erection

- Installation of MV/LV/EHV/Cable control switch-gear panels
- Installation of GIS, Transformers
- Installation of capacitor banks
- HV/MV/LV/EHV/Cable control Cable pulling/cable laying
- HV/MV/LV/EHV/Cable control cable termination
- Installation of indoor/outdoor lighting

05

Protection Relay Testing

- Line Differential Protection Relays
- Line Distance Protection Relays
- Transformer Differential protection Relays
- Bay Control Unit and Master Control Unit Relays
- Overcurrent Protection Relays
- Motor and Generator Protection Relays
- Bus bar Protection Relays

Our Services

06

TELE COMMUNICATION

Fiber Optic OSP/ISP Projects

Termination, Splicing, Testing,
Maintenance work

UTP&STP Cabling

Data Center Network Installation

LAN&WAN Network Implementation

Fiber Optic Civil Work Implementation,
FTTH, FTTB, FTTM, LDN,MODA

Installation& Configuration of CCTV
with NVR&DVR and PoE Switch

Wi-Fi MOH Complete Site Installation,
Testing, STC & Zain

Low Current

Access Control

PA System

Fire Alarm

Our Services

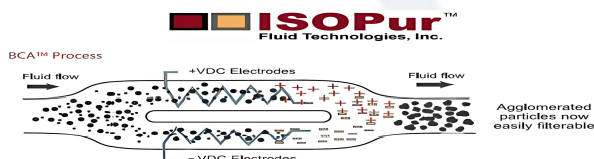

07

OIL CONDITIONING SYSTEMS

We have a wide range of Oil Purification Systems that can reach up to the 1200 GPH. Its Balanced Charged Agglomeration (BCA) Technology that can attain a level of Fluid Purity unattainable by conventional filtration and centrifugal systems.

- Sludge and varnish prevention and removal.
- Sub-micron purification.
- Removal of oxide insolubles and biological contamination.
- Removal of ferrous and non-ferrous contamination.
- Efficient and highly effective water removal with coalescer option
- Highest flowrates in the industry.

Models and capacity

- ✓ HR (High Range) Flow Rate from 600 to 1200 GPH
- ✓ MR (Medium Range) Flow Rate from 200 to 600 GPH
- ✓ LR (Low Range) Flow Rate from 30 to 150 GPH

Treatable Fluids:-

Power Generation

- ✓ Turbine lube oil
- ✓ Hydraulic control oil
- ✓ Phosphate esters (EHC fluid)
- ✓ Compressor lube oil
- ✓ Fanlube oil
- ✓ Transformer insulating oil

Power Distribution

- ✓ Tap changer oil
- ✓ Transformer oil

Fuels Processing

- ✓ Bio-diesel feed stock

TRANSFORMER OIL (PURIFICATION, RECLAMATION & REGENERATION)

By Using KATO Japan Technology We are specialized in purification, reclamation, regeneration, and recycling systems. Scope of our products and services covers a wide range such as High vacuum oil purifiers with flow rate of 100 to 60,000 LPH.

- Oil Filtration machine, to remove particle
- Vacuum Oil Purifier, to remove particle, decreasing water & gas content, improving Dielectric Strength.
- Regeneration system, for aged oil, to improving acid value, tan delta and color.
- Dry Air Generator, for decreasing dew point less than minus 50 C deg.
- Vacuum Pump Sets, for process before filling insulating oil.
- Cable insulating oil Purifier.

Models

- High Vacuum Oil Purifier (Trailer mounted)
- High Vacuum Oil Purifier (indoor/outdoor use)
- Dry Air Generator
- Vacuum Pump Set
- Model KLF Portable Oil Filter
- Hot Line Oil Filter Model KF
- Hot Line Oil Filter Model LF
- Cable Oil Degassing System Model KRV

Our Services

08

MOTORS REWINDING

Our dedicated and experienced engineers are ready to meet all needs on site like overhaul, repair/rewind of motors and generators. Our engineers ready to carry out onsite vibration analysis, current spectrum analysis, Dynamic Balancing etc. for correct diagnosis of faults and to prevent premature failure of electrical machines.

Our professional Field Service department is dedicated to providing on-site repair services 24 hours a day, 7 days a week.

Services Provided:

- AC Motors Repair (LT/HT).
- DC Motors Repair.
- Site Services.
- Mechanical Services.

Field Services:

- Electric Motors Maintenance.
- Vibration measurements and spectrum analysis.
- In-Site Dynamic Balancing.
- Laser alignment.
- Thermal Imaging.

Motor Preventive Maintenance Services:

The best method to ensure productivity and lower Maintenance, Repair, Operations costs is a comprehensive preventive maintenance program. Our field service personnel are experts at keeping your equipment in prime operating condition with these services and more:-

- Turnkey removal & reinstallation services
- Scheduled outage service & troubleshooting
- Contract maintenance programs
- Motor commissioning services
- Motor cleaning & lubrication programs
- Bearings change in site.
- Electrical testing
- Equipment assessment

The Benefits of Preventive Maintenance

Saves Money

Prevents costly repairs
Saves in utility costs
Reduces operating costs

Saves Energy, Improves Performance

- Maximizes efficiency
- Improves system reliability
- Reduces energy use and expenses

More Maintenance Less Repairs

- Increases equipment lifespan
- Reduces risk of catastrophic failure
- Reduces need for costly emergency repairs

Keeps Employees Happy, Comfortable

- Supports healthy, productive and safe environments
- Helps avoid costly work disruptions
- Addresses issues before they become urgent

Motor Predictive Maintenance Technologies:

Predictive maintenance services are one of the best ways to guard against costly breakdowns during production runs and to reduce equipment repair costs.

These services continually monitor the performance of your equipment over time and can predict when a component failure will occur. This advance warning gives you time to schedule repairs and maintenance and avoid a costly breakdown. Predictive maintenance testing and analysis includes:

- Vibration spectrum analysis
- Laser alignment.
- Dynamic balancing at site.
- Thermographic imaging & analysis

AC Motors Repair :

All AC Motor Rewind and Repairs are catered in our dedicated workshops that are fitted out with winding machines and state of the art testing facilities. AC Motor Rewinding and Repairs are completed and tested in accordance with Quality Standard ISO9001:2001.

Low Voltage AC Motor Rewinds and Repairs

- Squirrel Cage motors.
- Slip ring motors.

Low voltage AC motors range from 110 volts to 460 volts 50Hz/60Hz:

AC Motor Rewind ,Repair & Overhaul Wire wound stators up to 1000 KW.

AC Motor Rewind ,Repair & Overhaul Squirrel cage rotor bars

AC Motor Rewind ,Repair & Overhaul Wire wound rotors

Rewind & Repair of Refrigeration Compressors.

Rewind & Repair of Centrifugal and Submersible pumps (waste and clear water).

High Voltage AC Motors Rewind and Repair:

High voltage AC motors from 2000 volts to 13,800 volts 50Hz/60Hz – 5000 KW:

- AC Motor Rewind Repair Overhaul Soft & Moulded coil stators.
- AC Motor Rewind Repair Overhaul Squirrel cage rotor.
- AC Motor Rewind Repair Overhaul Slip ring rotor.

DC Motors Repair:

All types of DC motors are repaired or rewound. This includes all their component parts including:

- DC Motors Repair Field coils
- DC Motors Repair Interpoles
- DC Motors Repair Compensatory windings
- DC Motors Repair Armature coils
- DC Motors Repair and replacement of Commutators
- Supply carbon brushes.

Mechanical Services:

- Shaft Replacement.
- Metalizing & Re-building of worn out shaft.
- Repair of Housings, End – shields and other components.
- Bearing Housing Fabrication.
- Repair / Fabrication of Impeller
- Dynamic Balancing.
- Core Laminations Staggering / Replacement.
- Commutator / Slip ring rebuilding and repair.

Comprehensive Construction & Concrete Works Specialists:

We provide all construction and building services and works. These services include implementing reinforcement work for various buildings and structures, along with all infrastructure-related work from start to finish.

The company specializes in all aspects of both ordinary and reinforced concrete work at all stages of construction, including:

- ordinary concrete work
- foundation work
- column neck work
- ground bridge work
- wall work
- insulation work of all kinds
- backfill work
- column work
- staircase work
- bridge work
- slab work
- structural joint work
- stone work

Here are some of the works the company has recently completed:

- The Admiral Project in Jubail, owned by the Royal Commission (main contractor: Mubarak Marai Al-Saloumi Contracting Company).
- The Dhahran Central Warehouse project, owned by the Saudi Electricity Company (main contractor: Ashi Bushnaq Contracting Company).
- Supply and installation of curbstone and interlocking paving for sidewalks in Al-Badayea Municipality in Al-Qassim.
